PROFILE

A motivated Computer Science & Engineering graduate with a well-rounded mix of technical, creative, and interpersonal skills. Experienced in web development, graphic design, and marketing, with hands-on exposure to client and stakeholder communication, website management, and cross-functional teamwork. Known for strong written communication, attention to detail, adaptability, and a genuine enthusiasm for learning and taking on new challenges. Comfortable working independently or as part of a team, and committed to delivering reliable, high-quality work in any role.

KEY STRENGTHS

- **Facebook/Meta Marketing:** Audience filtering & targeting, ad campaigns, content planning, performance tracking
- **Market Research & Analysis:** Competitor analysis, potential customer research, trending product identification
- **Written Communication:** Clear, concise writing with fluency and proficiency in English; report-writing and documentation from academic research work
- **Accuracy & Process Discipline:** Verify-before-responding mindset; comfortable following documented SOPs precisely
- **Multi-System Working:** Databases (MySQL, MongoDB), MERN stack development — practical experience retrieving and cross-checking data across systems
- **Collaboration:** Worked with supervisors, peers, and subject-matter experts to evaluate information and close research gaps
- **Design Tools:** Canva, Adobe Illustrator, Adobe Photoshop
- **Tools:** Microsoft Office, Git/GitHub
- **Programming/Web:** Python, C, JavaScript, HTML/CSS, MERN Stack (MongoDB, Express.js, React.js, Node.js)
- **Soft Skills:** Time management, adaptability, critical thinking, problem solving, teamwork

RELEVANT EXPERIENCE

Digital Marketing Officer | *Feb 2026 – Present* **RATLI**

- Planned and ran Facebook marketing activity, applying audience filtering and targeting (location, age, interests) to reach the right customers and generate quality leads.
- Conducted market research and analysed competitors, potential customers, and trending items to identify opportunities and guide marketing and content decisions.
- Handled graphic design and marketing materials using Canva, Adobe Illustrator, and Photoshop to support branding and promotional activities.
- Communicated directly with clients and shareholders, addressing queries and maintaining strong professional relationships.
- Managed and updated the company website, ensuring accurate, up-to-date content.
- Coordinated with team members across departments to support day-to-day operations and business goals.

TECHNICAL PROJECTS

Online Video Streaming Platform (MERN Stack) — GitHub: Netflixclone

- Built and tested a full-stack web application, handling data across frontend, backend, and database.

Recipe Sharing Website (MERN Stack) — GitHub: Savorsquad

- Developed a platform integrating user data, transactions, and payment functionality.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science and Engineering **BRAC University — 2026**
CGPA: 3.09 / 4.00
Thesis: Comprehensive Study on Context-Aware and Behavioural Anomaly Risk Assessment and Prevention System — A Hybrid AI-Driven Approach to Risky Driving Pattern Detection

Higher Secondary Certificate (HSC) — Science **Tongi Pilot School & Girls' College — 2020**
GPA: 4.92 / 5.00

Secondary School Certificate (SSC) — Science **BKSP Public School & College — 2017**
GPA: 4.77 / 5.00

CERTIFICATIONS

- Web Development Fundamentals — **BRAC University**
- Graphic Design Certification — **BRAC Institute of Skills Development (BRAC ISD) & Ostad**
